ISM Named to List of Top 100 Accounting Software Resellers in U.S.

Nationally recognized publication, Accounting Today, names ISM to their annual 'VAR 100' list of business software and technology industry leaders.

Portland, OR – September 5, 2010 – Information Systems Management (ISM) (www.goism.com), a Sage Authorized Partner specializing in Sage MAS 90, Sage MAS 500, Sage CRM, and Sage FAS Fixed Assets, has been selected by the editors of Accounting Technology to its annual VAR 100 listing. The VAR 100 represents the leading accounting software resellers and technology providers throughout the nation.

Having earned VAR 100 distinction for the 3rd year in a row, ISM's BJ O'Reilly says, "We are proud to be recognized as one of the top 100 VARs again this year. It underscores the dedication we have to our customers' success and satisfaction." O'Reilly adds, "Word of mouth and customer referrals go far in these challenging economic conditions. I think our continued success is a reflection of the value we offer our customers combined with the top-quality Sage products we implement for accounting, ERP and CRM solutions."

Each year, thousands of accounting software resellers are considered for recognition on the prestigious list. Accounting Today selects the VAR 100 finalists based on a variety of criteria including industry awards, peer recognition, demonstration of technology leadership, revenue, number of employees, and annual growth. According to Seth Fineberg, Technology Editor of Accounting Today, "This select group represents those in the world of accounting software resellers that are truly ahead of the pack and we are pleased to honor them in this special report."
